Title: CARING AND SAFE SCHOOLS

Adopted: June 23, 1999 (Foundation Statement)
Revised: May 3, 2000, August 31, 2005, April 17, 2013 (formerly Safe Schools)

1.0 OBJECTIVE

To affirm the Board’s commitment to creating school learning environments that are caring, safe, peaceful, nurturing, positive, respectful and that enable all students to reach their full potential.

2.0 RESPONSIBILITY

Associate Director

3.0 DEFINITIONS

School Climate – the environment, values and relationships found within a school. A positive school climate exists when all members of the school community feel safe, included and accepted, and actively promote positive behaviours and interactions. Equity, inclusion and respect are critical components embedded in the learning environment.

Progressive Discipline – a whole-school approach that uses a continuum of prevention programs, interventions, supports and consequences to address inappropriate student behaviour and to build upon strategies that promote and foster positive behaviours.

4.0 POLICY

4.1 The Board believes that respect for human rights and the promotion of values and skills needed for a peaceful, responsible and democratic society shall be the foundation of every school.

4.2. The Board believes that equity, inclusion and fairness towards all members of the school community irrespective of race, gender, sexual orientation, socio-economic class or abilities are essential principles and are integrated into all our policies, procedures, programs and practices.

4.3. The Board believes that all students have the right to learn and achieve success and acknowledges the impact of school climates on students’ success.
4.4. The Board is committed to fostering positive school climates through purposeful, thoughtful and inclusive practices that support healthy student, staff and school community relationships. This pertains to all aspects of policy, programming, professional learning, resources, supports, reporting and data collection and community partnerships.

4.5. The Board will build on its commitment to fostering positive school climates by promoting positive student behavior in constructive, non-violent and equitable ways through an integrated approach to progressive discipline that enhances students’ ability to learn and builds their leadership and engagement.

4.6. The Board is committed to prevention and intervention strategies to address bullying, cyber-bullying, discrimination, harassment, gender-based violence and violence in any form, whether systemic or based on individual actions of staff, students or community members that directly impact school climate through curriculum, educational programs and services.

4.7. A Board Code of Conduct will be established that all students, staff, parents, community members and permit holders are expected to adhere to. Schools will develop and review annually a School Code of Conduct which must adhere to the Board Code of Conduct.

4.8. The Board will use the data collected through anonymous School Climate Surveys that must be conducted every two years to review procedures and revise existing school improvement plans. The Board will annually publish a public report containing data such as the number of suspensions and expulsions by student demographics, type of incident, interventions used by schools, academic achievement and other school climate data where available.

4.9. The Board will establish a clear process for reporting and responding to any behaviour that would have a negative impact on school climate.
