

Elementary School Design Guideline

Part E - Electrical Systems

E1: [Electrical Systems](#)

E2: Electrical Standards of Acceptance

E2.1 [Electrical Service Provision](#)

E2.2 [Preferred Building Distribution Voltage](#)

E2.3 [Essential Service – Standby Generator Provision](#)

E2.4 [Service Entrance Board](#)

E2.5 [Short-circuit and Overload Protection Coordination](#)

E2.6 [Grounding](#)

E2.7 [Panelboards and Transformers](#)

E2.8 [Special Panelboard Features](#)

E2.9 [Disconnect Switches](#)

E2.10 [Fuses](#)

E2.11 [Basic Materials and Methods](#)

E2.12 [Electric Motors, Starters and Wiring](#)

E2.13 [Fire Protection Sprinkler System](#)

E2.14 [Integrated PA In-house - Phone System](#)

E2.15 [Outgoing Outside Land Line – Telephone System](#)

E2.16 [Data Network System](#)

E2.17 [Intrusion Alarm System](#)

E2.18 [Master Clock](#)

E2.19 [Fire Alarm System](#)

E2.20 [Assistive Listening System](#)

E2.21 [Sound System](#)

E2.22 [Specialty Alarm Monitoring System](#)

E2.23 [Lighting](#)

E2.24 [Typical Modular Control Panel](#)

E2.25 [Lawn Irrigation System](#)
